

Why crates instead of boxes?

Moving with crates instead of boxes offers many benefits. Crates are:

- Crush resistant
- Water resistant
- Topple resistant
- Pack rat proof

Plus:

- Crates are HIPAA compliant
- It takes less labor to move using crates because they eliminate dolly-up and dolly-down time
- Crates are 100% larger so 50% fewer crates than boxes are needed
- Overall space needed to pack is also reduced translating into 40% fewer truck loads on moving day

Crate features and specifications

DIMENSIONS:

INTERIOR: 24.25" X 15.25" X 12.75"
EXTERIOR: 27.75" X 18.25" X 13.50"
CAPACITY: 2.7 cubic feet
